

## Bins ProCart/30936

Brand: Akro-Mils

Item#: AK30936

Material: Polyethylene Foam

Dimensions: L32" x W22" x H21.5" (interior)

\*Versatile, time-saving plastic utility cart engineered to adapt to all the ways – and all the places – you work.

\*Side gates on both the upper and lower shelves flip down to convert this cart from a box-top to a flat-top.

\*Made of high-density polyethylene structural foam.

\*Dent-resistant and rust-proof panels and never need painting.

\*Easily maneuvers around tight corners and through narrow aisles.

\*Each shelf can hold 200 lbs.

\*Optional rail kits to hang plastic storage bins or parts cabinets under the top shelf.

Bins sold separately.
