

Tool Caddy/TC-500

Brand: Quantum

Item#: QSTC-500

Material: Polypropylene

Dimensions: L13 7/8" x W18 3/8" x H9"

The TC-500 tool caddy provides industrial strength and can be used to carry both tools and supplies.

*Made from high density polypropylene for added strength

*Sports a handle for increased portability

*Extra strength is ensured thanks to ribs that provide support

*Deep compartments make transporting tools, supplies and loose parts easy

*Available in blue and gray

*Grip is very comfortable even when carrying caddy filled with tools and supplies

NOTE: Each order of TC-500 comes with six tool caddies.
