Supporting Your Expanding Telehealth Applications.

With a wide range of customizable mobile and mounted solutions,
we can tailor a solution to meet your specific telehealth delivery needs.

Supports a wide variety of telehealth accessories and technology solutions.

AccessPoint™ Single Monitor Powered Workstation

- Supports larger monitor formats with dual monitor options available
- One-way and two-way video conferencing technology
- High resolution cameras to review patient condition
- Wireless LAN bridge to enable wireless connectivity

AccessPoint™ Dual Monitor Powered Workstation

- Enables remote delivery of specialized care and timely diagnostics
- Monitor arms simultaneously fold inward with one hand to easily fit through doors or tight spaces
- Monitor configuration provides separate viewing access for caregiver and patient
- Mount a video or web camera above the monitor, facing forward; camera travels with the monitor through its entire range of motion
- Front storage options are perfect for critical diagnostic equipment

Work Surface Height (Adjustable Range)	Weight Capacity	Work Surface Area	Workstation Foot Print	Construction	Casters
914MM - 1219mm (36IN - 48in)	**Single Monitor** 11kgs (25lbs) **Dual Monitor** 13kgs (30lbs) 15lbs per side max	1723cm² (267in²)	425mm x 445mm (16.75in x 17.5in)	• Powder-coated, cast aluminum with Microban® infused antimicrobial protection. • Anodized extruded aluminum column. • Polymer work surface and touch points with Microban® infused antimicrobial protection.	Four, single wheel 5" casters: 3 braking, 1 directional/tracking

Power Options:

- Li-Nano (Lithium-Iron Nanophosphate) battery options or LiFe (Lithium-Iron Phosphate)
- Can be configured to be powered by direct current (DC), alternating current (AC), or a combination of the two.
- Our DC optimized power with selectable voltage delivers 20% greater efficiency (runtime) than AC powered carts available in the market
- Also available as a non-powered cart

*Contact your TouchPoint Medical representative to learn more about these options and to discuss additional accessories specific to your point-of-care application. Visit **touchpointmed.com/contact** to get in touch with your local representative.*

workFLO™ Single Monitor/All-In-One Non-powered Workstation

- Antimicrobial work surface on all composite and powder coated materials.
- Lift Mechanism: Gas spring push button actuation.
- Tech Bay: Key lock computer security with universal key. Optional key codes available.
